**DETAILED ACTION**

***Claim Objections***

Claims 6 and 7 are objected to because of the following informalities: Claims 6 and 7 improperly depend from canceled claim 2. Appropriate correction is required. (**Note:** In order to advance the prosecution of the application, it will be assumed that claims 6 and 7 depend from claim 1)

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 3-20 are rejected under 35 U.S.C. 102(b) as being anticipated by Clark '149. Clark discloses a rake (figures 1-3) comprising a telescopingly extendable handle 42 and a rake head (generally 10) pivotally attached to the handle (via 50), wherein the rake head has a spike 17 attached thereto and is moveable between parallel and perpendicular positions with respect to the handle (as seen in figure 1, in

---

plain and phantom views). Further, Clark shows the rake having first and second "C"-shaped retaining means (26,35) for holding the head in the respective positions.

Applicant's arguments with respect to claims 1-8 have been considered but are moot in view of the new ground of rejection.

Applicant's amendment necessitated the new ground of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
